

Canvas Texture 230

Art. No.	Size	Rolls per carton	Weight
133101	12.7 cm x 60 m	2 rolls	230 g/m ²
133102	15.2 cm x 60 m	2 rolls	230 g/m ²
133103	20.3 cm x 60 m	2 rolls	230 g/m ²

Product description:

White, matt microporous coated paper with an extraordinary canvas texture. Manufactured for commercial inkjet Dry Minilab printing systems.

Product characteristics:

- Exceptional texture and visual impression
- Vivid colours
- High colour consistency and colour gamut
- High opacity
- Excellent light fastness
- Meets criteria for permanence according to ISO 97016
- Outstanding lay-flat performance

Fields of application:

Fine art photo panorama prints, portraits, fine art photo gifts, greeting and invitation cards.

Recommended printers:

Usable on all commercial inkjet Dry Minilab printing systems like Epson, Fuji and Noritsu.

Recommended storage conditions:

Temperature 15-25 °C
Relative air humidity 40-60 %
Protect from direct sunlight. Please store the material only in the original packaging under normal climatic conditions. We recommend letting the material adapt to indoor climate at least 24 hours before usage.

Technical specifications:

Weight	226 ± 7 g/m ²
Surface	matt structured
Colour	white
Thickness	252 ± 6 µm
Opacity	> 95%
CIE whiteness (D65/10°)	> 145
Laminability:	hot and cold
Flame retardant	no
CIE L*a*b*:	L* = 96 a* = -0.2 b* = -1.2

Notes:

Before printing on our Tetenal spectra jet media, please ensure that the paper is compatible with your inkjet printer. We accept no liability for poor print results when the reason for this, such as use of non-proprietary inks, lie outside our control. The specifications of the material may change without express notice being given. The information in this data sheet is for guidance only.
